Scope of Work

The drilling of shoring caisson piles across the north side will take place for majority of the month. Dewatering pipe bracket installation is to take place at various locations on site. Towards the end of the month, the first row of tieback installations are targeted to begin on the west side, with excavation on the south side to follow.

What to Expect

- Drilling activity on-site from shoring and tieback installation.

- Truck traffic at gates #1 (Avenue Road) and #2 (Yorkville Avenue)
- Potential traffic disruptions.

- General noise, vibrations, dust and debris.

- Temporary closure of curb lane on Avenue Rd to accommodate our covered walkway.

(See Figure 4 on page 2).
